

Stitch and Glue Guillemot

These kayak plans are made available free of charge, however they are not public domain. They remain the property of Nick Schade and Guillemot Kayaks.

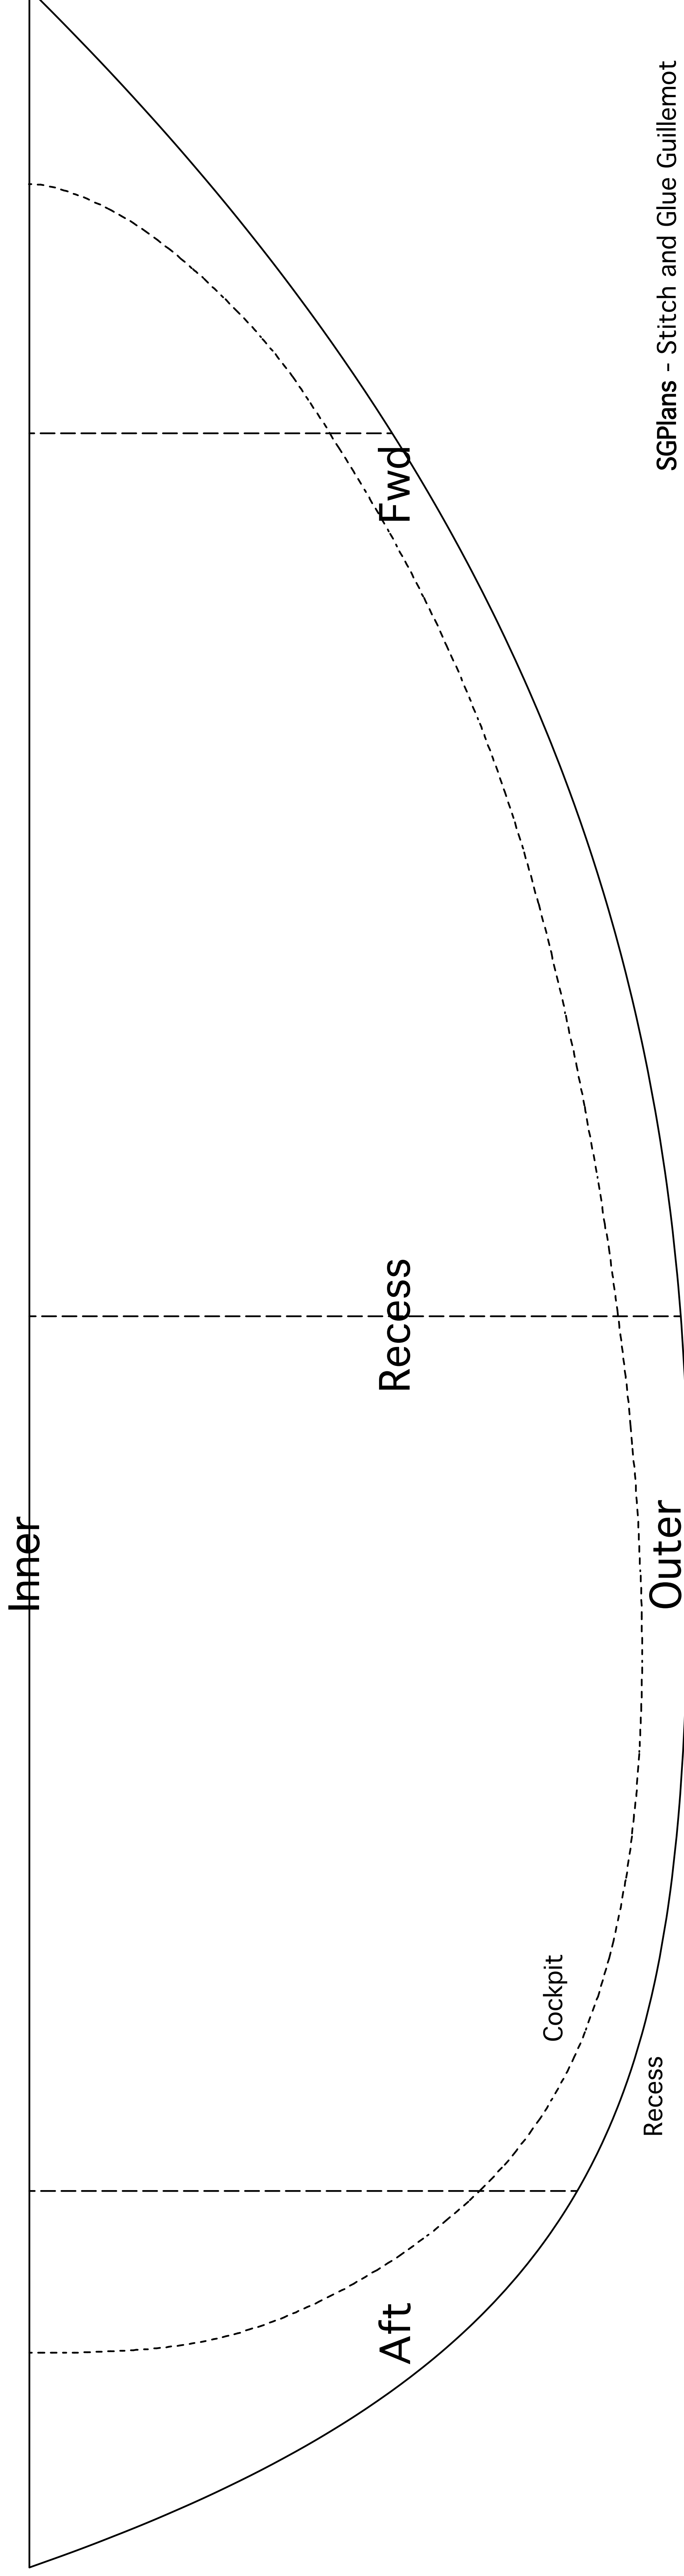

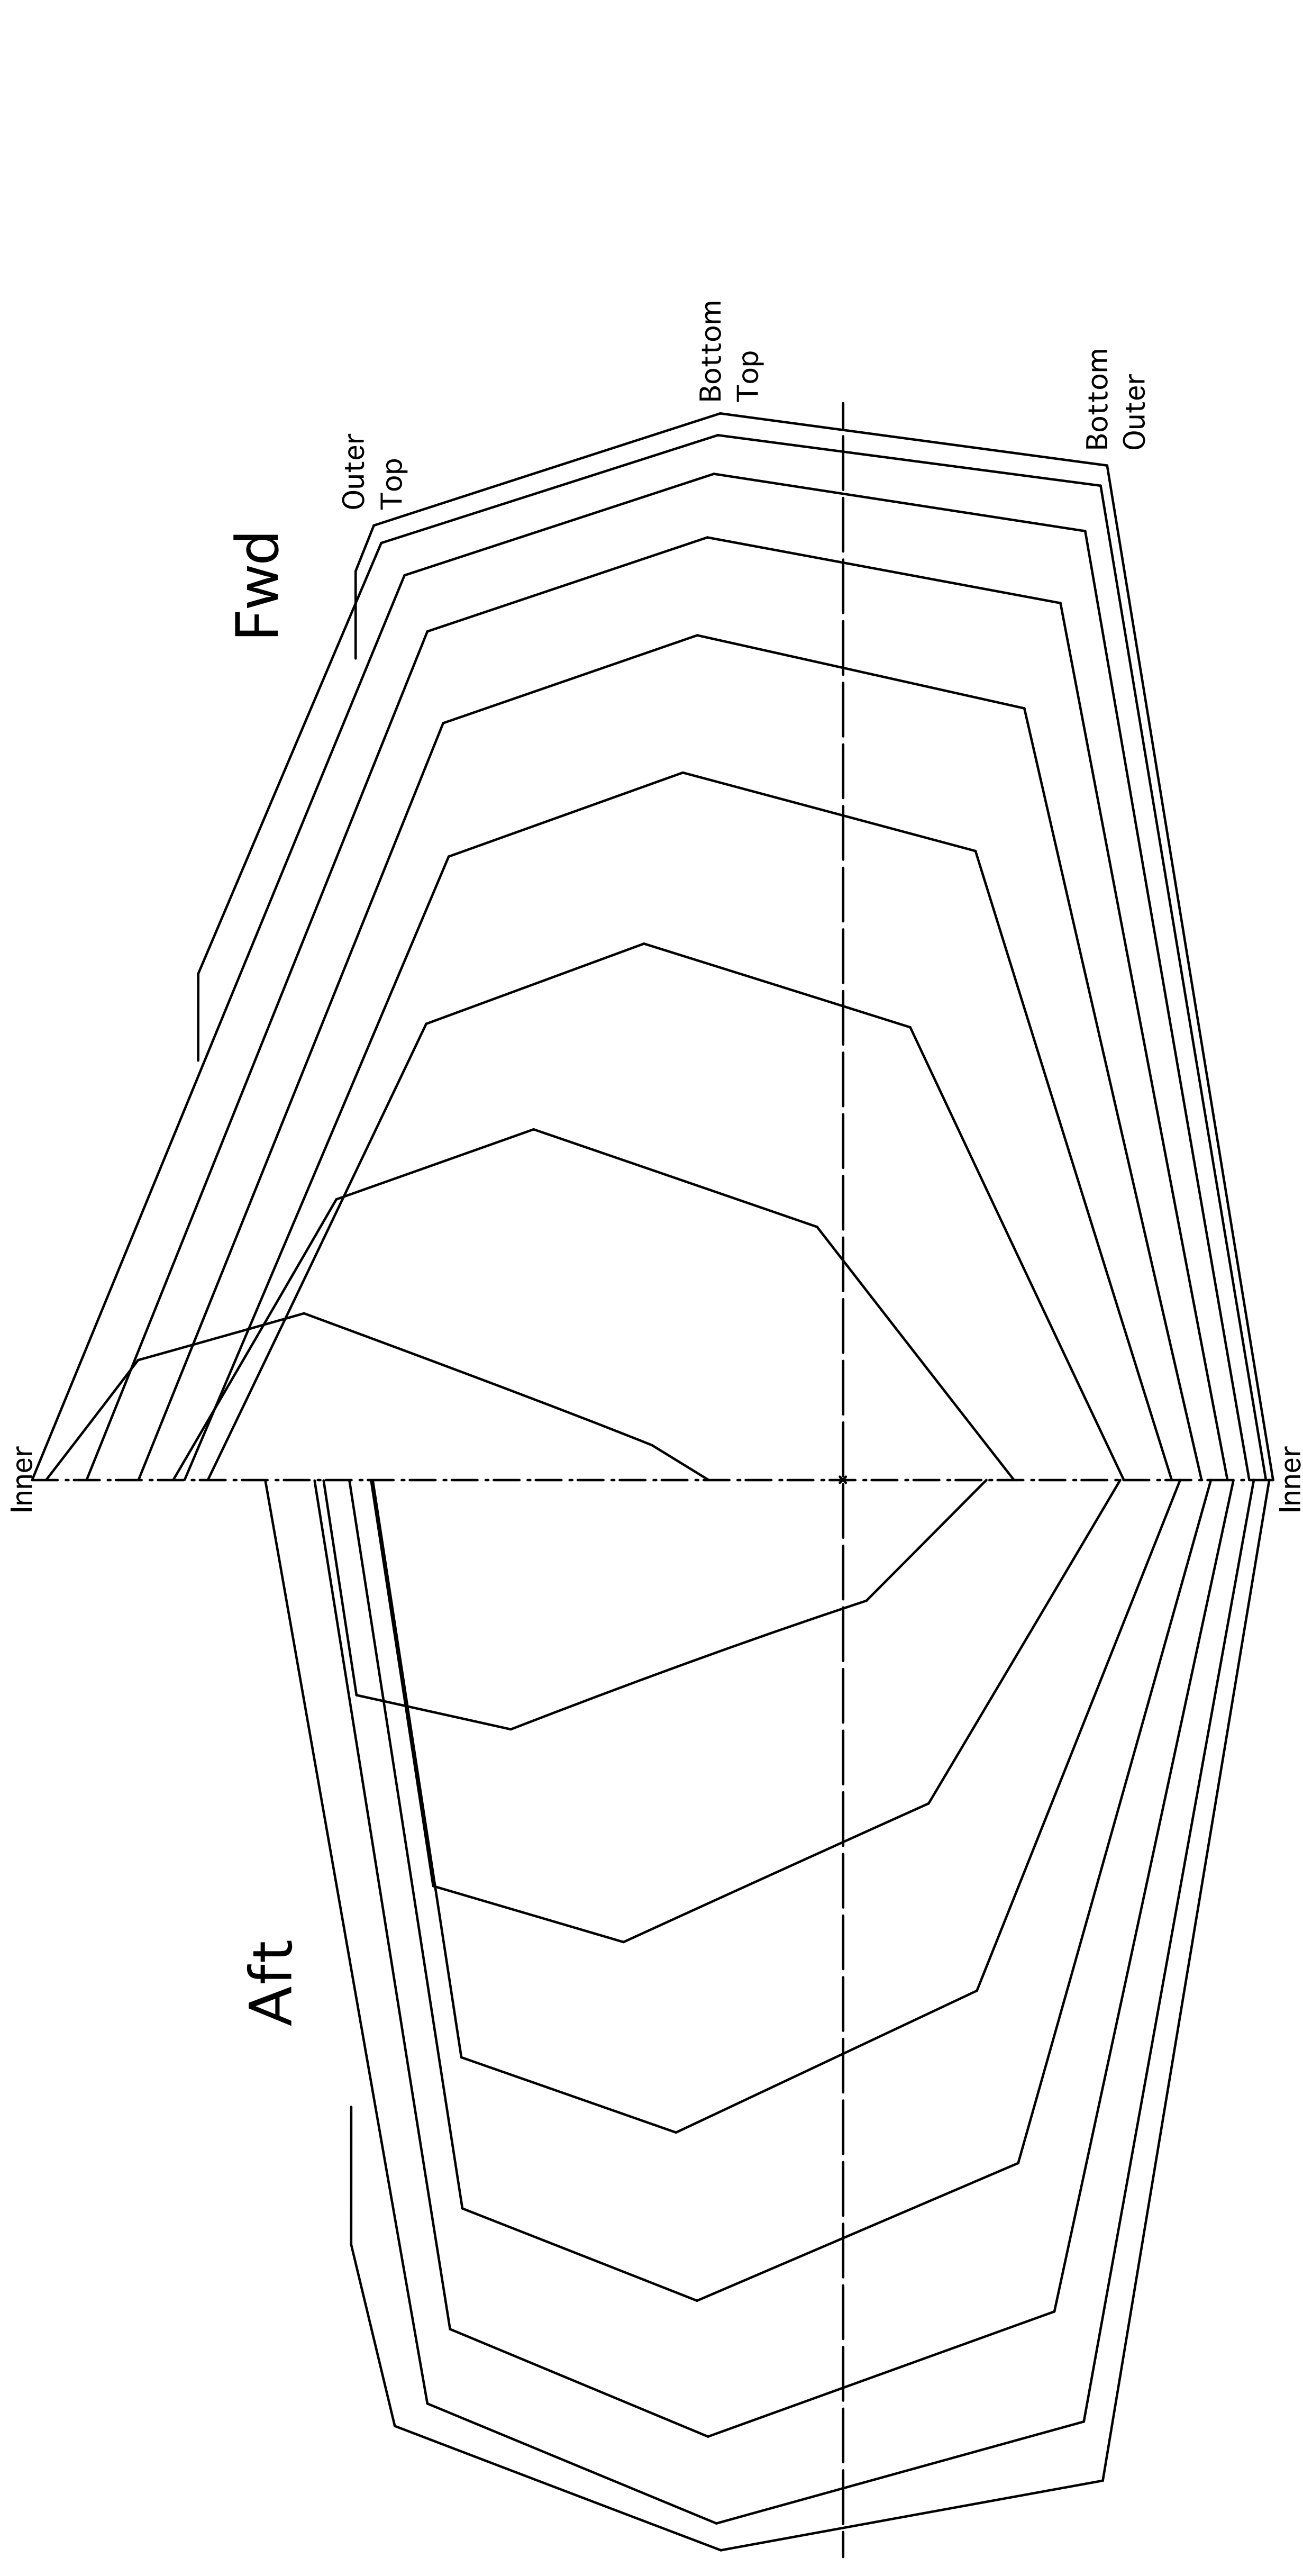

If you end up building this design I would really appreciate a photograph of the finished product. You can send it to me via my website:

guillemot-kayaks.com

If you decide to build this boat for sale, I ask to \$100 for each boat you sell.

I offer these plans with no guarantee with regard to their suitability for any purpose, nor any suggestion that the boat you build will be any good or in the least bit safe. Hey, you get what you pay for.

Enjoy, *Nick*
